THE STATE OF UTAH
OFFICE OF STATE ENGINEER
SALT LAKE CITY

ED. H. WATSON
STATE ENGINEER

July 17, 1942

Mr. Melroy Luke
McKinnon, Wyoming

Dear Sir: REL: BURNTFORK DISTRIBUTION

On July 14, 1942, a petition was filed in this office for the appointment of a water commissioner to distribute the water of Burntfork and tributaries which is diverted in Utah.

This is to notify you that on July 22, 1942, at 2:00 p.m. a meeting will be held at the Burntfork school house for the purpose of considering the petition and, if possible, working out a schedule of water rights for the remainder of this season.

I expect to reach the Burntfork school house about 10 o'clock on the morning of July 22, 1942, and would like to meet with a committee representing the principle ditches and canals for the purpose of making a field investigation before the meeting is held.

Yours very truly,

Ed. H. Watson
STATE ENGINEER
